

**„SIMETRIJA U
OM GRADU
- ORION“**

5.C

UVOD

- Orion je najstariji indoeuropski kalendar
- Pripada Vučedolskoj kulturi koja je u Hrvatskoj bila razvijena u 3. tisućljeću prije Krista na desnoj obali istočne Hrvatske
- Posudu na kojoj je ucrtan Orion su pronašli arheolozi 21.03.1978. godine za vrijeme iskapanja temelja hotela Slavonija u Vinkovcima, a iskapanja je vodio profesor Aleksandar Durman.
- Smatra se da je posuda nastala oko 2600 g.pr.Krista

UVOD

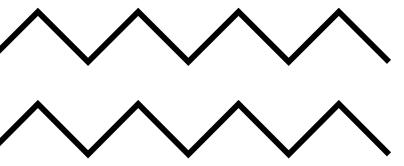

Indo-European Vučedol culture (3000-2400 BC):

- - Core area of the classical Vučedol culture
- - Spread of the late Vučedol culture
- ◎ - important archaeological sites

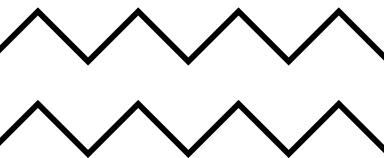

UVOD

- Orion je najpotpuniji pronađeni europski kalendar iz tog doba, a urezani ukrasi na posudi prikazuju zviježđa iznad Vinkovaca kroz sva 4 godišnja doba:
 1. Proljeće: Orion i Sunce
 2. Ljeto: Plejade, Kasiopeja i Labud
 3. Jesen: Plejade, Blizanci i Ribe/Pegaz
 4. Zima: Plejade, Blizanci, Ribe/Pegaz, Kasiopeja i dominantno zimsko zviježđe Orion

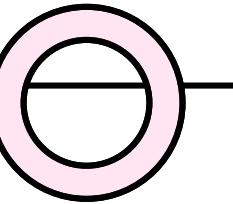

UVOD

VINKOVAČKA PJEŠAČKA ZONA

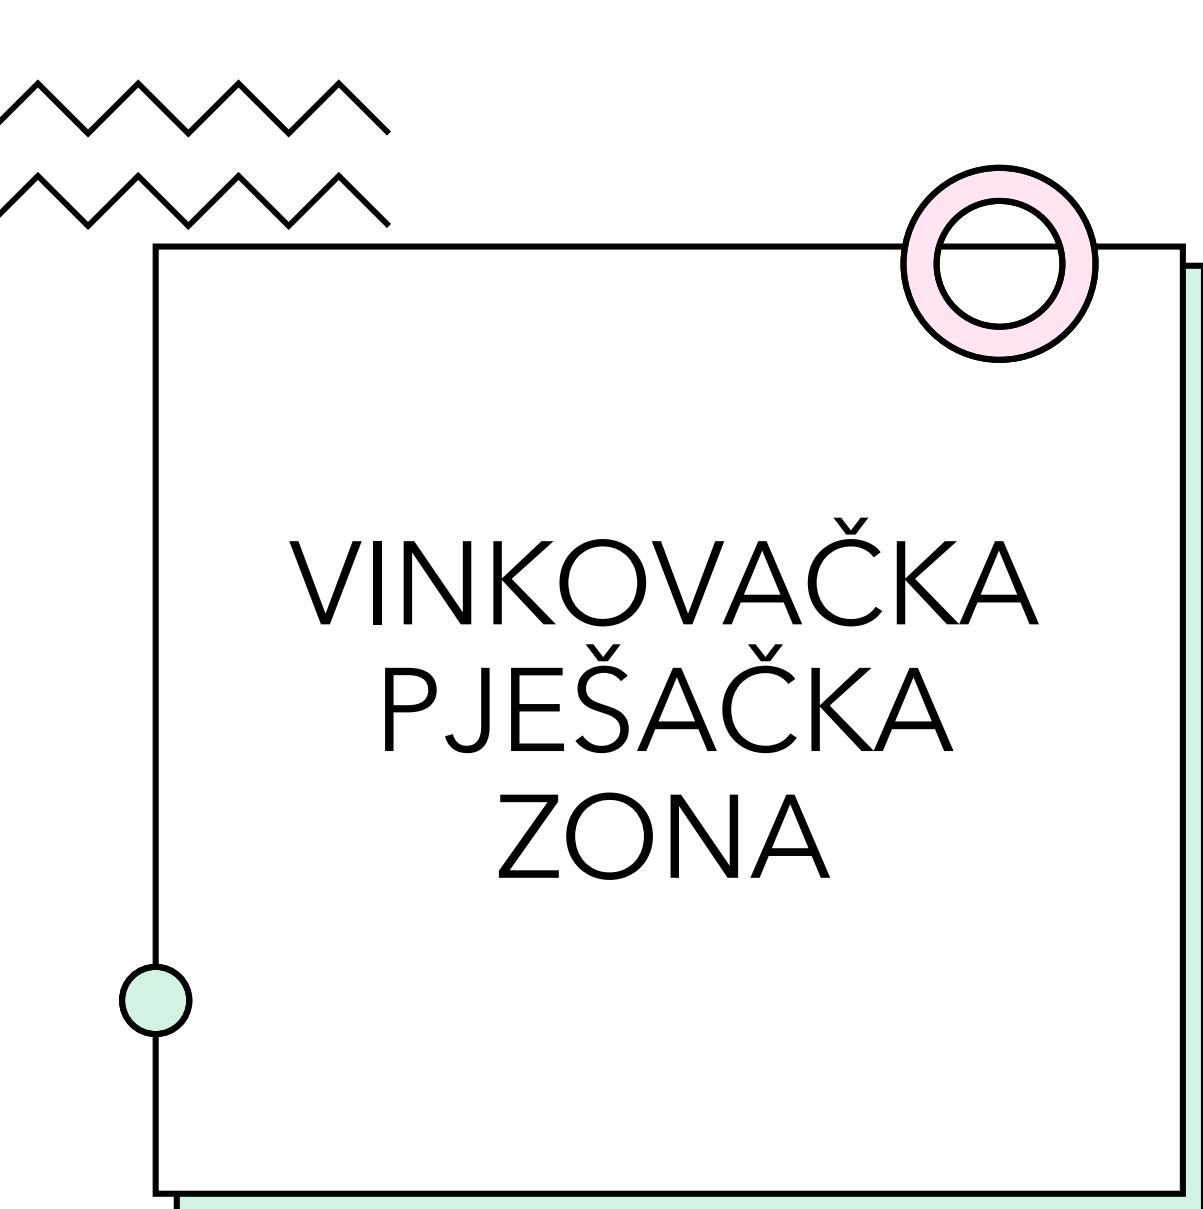

- Profesor Aleksandar Durman je predložio da Orion bude prikazan na pješačkoj zoni.
- Radovi na pješačkoj zoni su završili 2009.godine
- Profesor smatra da prikaz Oriona na pješačkoj zoni u centru Vinkovaca ima simboličko značenje.

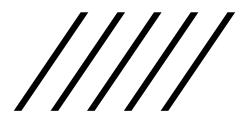

Pješačka zona i park su omeđeni:

- Gimnazijom - predstavlja znanje
- Crkvom - predstavlja vječnost
- Muzejom - prestavlja tradiciju
- Prometnicom - označava život

ZAKLJUČAK I OSVRT

- Ponosna sam što moj grad Vinkovci ima ovakvu povijesnu vrijednost. Orion i mnogi drugi nalazi iz povijesti i prapovijesti u našem gradu su dokaz razvoja civilizacije Europe i zbog toga Vinkovci mogu biti središte kulture i turizma.
